

## MONEY FOR WORK IS NOW IN SIGHT

### MATTER OF APPROPRIATION IS BEING DISCUSSED.

Bill Has the Right of Way and Will be The First Work of the Senate This Week—Mr. Cullon Will Introduce An Anti-Scalping Bill—Caution Wool Growers.

Canea, April 5.—The actual work of disarming the Bashi Bazouks began early Sunday morning and continued throughout the day. At the village of Kalioti they refused to deliver up their arms and demanded an order from the governor of the island and the personal presence of Edhem Pasha. The foreign troops then cordoned the village and the Austrian colonel, who was in command, ordered that search for arms should begin, when Edhem Pasha arrived. Then the cordon closed round the Bashi Bazouks, who yielded quietly.

Late in the evening the European troops still guarded the gates of the town. The Arab quarter also was surrounded by European pickets. A proclamation has been issued announcing that all who refuse to yield up their arms will be shot. In response to this only 100 have as yet surrendered their arms.

Admiral Canavaro, the Italian officer in command of the fleet of the powers, authorized the insurgents and their families to quit the Akrotiri peninsula last Friday and proceed inland, where they would be in a better position to obtain food supplies than on the heights of Akrotiri. Confiding in this authorization the insurgents and their families, driving their cattle, descended from the heights of Akrotiri with the intention of moving inland. As soon as they reached the plain, however, fire was opened upon them at a range of 200 yards by 2,000 Bashi Bazouks. The Turkish force was largely composed of refugees from the garrison of Selino, who, in spite of the promise made to the representatives of the powers, have been rearmed by the Turkish government.

The foreign warships in Suda bay did not fire a shot to check the onslaught of the Bashi Bazouks, although it was impossible for the officers to be ignorant of the fact that fighting was in progress around the band which had left the fastnesses of Akrotiri to all intents and purposes under the guaranty of the great powers of Europe.

### RUSSIAN PAPER SCOLDS. Deplores the Obstinacy of the Greek People and Government.

St. Petersburg, April 5.—The Journal de St. Petersburg (semi-official) says:

"The aggressive and provocative attitude that Greece maintains with such deplorable obstinacy compels the powers to blockade the gulf of Athens, Greece, by keeping Col. Vassos in Crete, is exposing the Cretans to all the disadvantages of a blockade there. She frustrates the restoration of peace; she prevents the powers from learning the real wishes of the inhabitants of Crete, which can only be ascertained by the powers after the removal of the influence of an interested pressure.

"Col. Vassos has practically declared war against the powers. Moreover, certain extravagant and habitual followers of disorder hysterically advocate a declaration of war by Greece against Turkey on April 6, or on the date when a blockade of Greece commences.

"We refuse to believe that any such extraordinary act of folly will be committed, but in the event of it happening Greece will certainly have to endure the most serious consequences. If Greece wishes war at any price, she can count on the support of no one, whatever the result may be of a conflict so wantonly provoked. The powers will never consent to the aggressors deriving the slightest advantage from victory in such a struggle."

### Are Expecting the Blockade.

Athens, April 5.—Nothing positive is known here; but the blockade of the Piræus is considered imminent. The press teems with indignant protest against the reference to autonomy made by M. Hanotaux in the French chamber of deputies. A great meeting is being organized for Tuesday, the anniversary of the commencement of the war of independence in 1821, to protest against the action of the powers and to pledge support to the Greek government.

### Order a Pacific Blockade.

Rome, April 5.—A dispatch from Suda says that the powers have ordered the admirals of the international fleet to begin a pacific blockade of Athens, and it is understood at Suda that the admirals are now considering the best way of carrying out the instructions.

### Scheme of Cretan Autonomy.

Constantinople, April 5.—The ambassadors of the powers telegraphed to their respective governments the outlines of the scheme of Cretan au-

tonomy upon which they have agreed. The tenor of their proposals has thus far been kept a strict official secret.

**The Pope May Intervene.**  
Paris, April 5.—The Gaulois reports that the pope intends to intervene between the powers and Greece, with a view of effecting, if possible, a peaceful solution of the Cretan difficulty.

## SIZE WINTER WHEAT CROP.

Percentages of Various States Carefully Estimated.

Chicago, April 5.—The Tribune two weeks ago gave a summary of conditions in six leading winter wheat states compiled from dispatches received from correspondents all over those states. The reports then presented showed a promising condition in the west, but serious damage throughout Illinois. No report was compiled last week for the reason that the position of the crop did not change sufficiently in a week to allow any important comparisons.

With the weather so favorable as it has been in the last two weeks, however, the entire winter wheat crop is now in sufficiently advanced state to allow intelligent opinions to be expressed as to the outlook and prospects of yield. Commission houses have received plenty of crop damage reports, but in a general way the tone of reports received during the last two weeks has been anything but sensational in reference to damage.

The Daily Trade Bulletin, from its reports, makes percentages in the various winter wheat states as compared with a full average crop as follows: New York, 95; Pennsylvania, 92; Maryland, 95; Virginia, 95; Kentucky, 92; Tennessee, 87; Ohio, 87; Michigan, 90; Indiana, 69; Illinois, 40; Missouri, 65; Kansas, 84; Texas, 97; Iowa, 81; Nebraska, 73; Wisconsin, 77.

## DEMAND EIGHT HOURS A DAY.

Five Thousand Union Men of Cleveland Insist on Their Principles.

Cleveland, O., April 5.—Five thousand union workmen connected with the building trades have made a demand for an eight-hour day, coupled with a demand that only men having union cards shall hereafter be employed. The business agent of the Building Trades Council says he does not anticipate much opposition on the part of the contractors to granting the shorter workday, but it is expected that objection will be raised to granting the demand with respect to the non-employment of men not members of the unions.

The painters of the city will also demand eight hours as a day's work, and ask for an increase in wages from 22½ to 30 cents an hour. The master painters have offered to compromise on 25 cents an hour, but the painters refuse to accept that, saying they will strike if they do not get the advance asked for.

**Forest Fires Spread Alarmingly.**  
Belleville, Pa., April 5.—The forest fires in the surrounding mountains are spreading at an alarming rate. All efforts to check the flames have proven futile, and unless a heavy rain sets in many thousands of acres of valuable timber land will go up in smoke. The approach of the fires to the lumber camps has caused great excitement, and the woodsmen have left their workings.

Stroudsburg, Pa., April 5.—The fires that have been raging in the Pocono and Blue Ridge Mountains have thus far done considerable damage to timber and railroad ties.

### No Embassy for Turkey.

Washington, April 5.—The state department has received notice from the Turkish government that it finds it inconvenient to raise the grade of its mission in Washington to that of an embassy on account of the increased expense which would thereby be incurred. This decision of the Turkish government will prevent the president, under the existing law, from nominating ex-Secretary John W. Foster as ambassador to Constantinople, as it is understood was his desire.

### Gold Users to Exhibit.

Denver, April 5.—The National Mining Bureau has issued a call for an "international gold miners' convention" to be held in Denver on June 15 and 16. The exhibits will consist of refined gold and gold ores and a general mineral display. State bureaus of mines, state schools of mines, chambers of commerce, boards of trade, mining exchanges and miners' organizations are invited to co-operate.

### Lee Will Not Talk.

Havana, April 5.—Gen. Lee declines to be interviewed with reference to the report that he would be a candidate for the United States senate this fall in Virginia. He has received no notice of the appointment of a new consul-general to succeed him here and has made no definite arrangements to leave Havana.

### Resignations Are Not Accepted.

Vienna, April 5.—Emperor Franz Joseph presided Sunday at a special meeting of the Cabinet, and refused to accept the tender of resignation made on behalf of the Cabinet by Count Badeni, the Austrian Premier, on Friday last.

## FLOODS INCREASING DISPATCHES SAY

### HEAVY RAIN HELPS ENCROACHING WATERS.

The Distress is Increasing Daily—St. Paul Reports 1,200 Persons Without Homes—Railway Bridges Going Out—Relief in Arkansas—Need \$5,000 For Relief of Sufferers.

St. Paul, Minn., April 5.—The upper Mississippi continued to boom Sunday, the gauge at 3 o'clock showing eighteen feet above low-water mark. It has been raining constantly for twelve hours. Dispatches from Atkin, Sauk Rapids, St. Cloud and Little Falls indicate that the river is still rising rapidly and that all records are likely to be broken here in the next forty-eight hours. The levee at James street broke at 3 o'clock Sunday afternoon, sending the waters all over that part of the city.

The relief societies were busy all day extending succor to the suffering.

The number of people who have been forced to leave their homes is about 1,200. The water east of State street is so deep that several houses have floated from their foundations. Logs to the value of about \$60,000 floated down the river Sunday.

### IN GREAT DANGER.

Ortonville, Minn., Completely Cut Off from the World.

Ortonville, Minn., April 5.—Sunday was the fourth day that Ortonville has been completely cut off from communication with the outside world in every direction. A train cannot go twenty miles from this city in any direction. Lac Qui Parle lake, Minnesota river, Big Stone lake and Lake Traverse form one lake 100 miles in length. Bridges are gone in many places, and boats are in demand in the vicinity of the depot and the railroad yards. Rain has been falling steadily for a week, making the country roads impassable and keeping farmers off their fields.

At Anoka every record since that of 1849 has been broken by the Mississippi here. Fireman's grove is filled with water and the Rum river dam is expected to go out. Millions of logs have been floating down the river all day. North of this point acres of farm land are under from two to six feet of water, and there are grave doubts as to whether or not it can be seeded this spring. Rivermen say that there will be a further rise here of at least six feet.

### Strong Gale at Quincy.

Quincy, Ill., April 5.—A strong gale from the west adds to the danger of the flood situation here, for the wind, with a clear sweep of seven miles, is backing up big waves that at some points are throwing their crests over the tops of the levees. There have been no serious breaks yet in any of the levees above or below the city, but the situation is regarded as critical, and the force of men who are guarding the threatened banks have been ordered to exercise greater care than ever. Between here and Hannibal the water is on both sides of the St. Louis, Keokuk & Northwestern railroad track, and for miles the only land in sight is the narrow embankment on which the track rests. Between here and LaGrange the water is lapping the ties and the gale is dashing the waves clear over the track.

### Need \$50,000 for Relief.

Little Rock, Ark., April 5.—Gov. Jones has received the following telegram from Secretary Alger at Washington: "Please report immediately number of people suffering for food and shelter in the flooded districts of your state and the sum required, in your opinion, for relieving their distress. Keep department promptly informed of particulars by telegraph and mail."

Gov. Jones replied, saying: "Extent of suffering for food and shelter can only be vaguely approximated, but it is safe to say \$50,000 added by the government to our local resources will not be too much to meet the emergencies."

### Railroad Lines Are Suffering.

Grand Forks, N. D., April 5.—The river is rising here at the rate of nearly a foot an hour. The high-water mark of last year is covered, and indications are that the water will be higher than ever before. Above here the ice is still solid. Between here and Fisher a long trestle on the Great Northern went out. It will require a week after the water has gone down to repair this line.

### Landslide at Fort Madison.

Burlington, Iowa, April 5.—A landslide occurred on the bluff along the river near Fort Madison at noon Sunday, covering the Burlington railroad track ten feet deep with a mass of putty-like clay, rock and trees. Men are constantly at work watching the bluffs and clearing away the falling dirt. No accidents have yet occurred.

### Have Sent Out Warnings.

Sioux City, Iowa, April 5.—The Sioux City bottoms two weeks ago, is again over its banks at James and Hinton, above this point. Warnings have been sent out and farmers are taking refuge on the bluffs.

## DISARM THE TURKS WITHOUT DELAY

### GUNS TAKEN FROM THE BASHI BAZOUKS.

European Troops Use Threats to Compel the Soldiers to Give Up Their Weapons—Peaceful Blockade Is About Decided Upon—The Russian Papers Scold the Greeks.

Washington, April 5.—The bankruptcy bill will be given first place in the senate programme this week, but it will give way to the appropriation bills after Tuesday, if the committee on appropriations reports them, as is expected, and urges consideration. The appropriation bills will excite more or less debate when taken up, but they are scheduled to pass with comparatively few changes. The committee will re-ore the provision for opening the Uncompahgre Indian reservation in the Indian bill, but will allow only one claim of gilsonite to such individual, and not two, as has been heretofore reported. The Uncompahgre matter and the question of revoking President Cleveland's order for the creation of forest reservations in the west will probably occasion debate.

### Fears for Wool Schedule.

Washington, April 5.—Congressman Grosvenor of Ohio is much concerned lest the senate break down the wool schedule of the Dingley bill. He has issued an appeal to those who believe in the McKinley and Dingley rates to bring influence to bear upon the senate for their retention. He particularly asks the wool men not to come to Washington demanding still higher rates, for in his opinion that would do much more harm than good.

### Bill Against Ticket Scalpers.

Washington, April 5.—Senator Cullum will reintroduce in the senate the bill to prohibit the scalping of railway tickets, which failed of consideration by the senate at the last session.

## AUTHORITIES DENY A STORY.

Spanish Premier Says Weyler's Troops Will Not Leave Cuba.

Madrid, April 5.—Premier Canovas says it is untrue Weyler's troops are to quit Cuba on April 15, or that peace on the island would be then attained, although he is satisfied with the progress of the war. With respect to reported negotiations for peace he has only received a letter from a brother of Sanguilly, but would not answer it. As regarded the introduction of the reforms he was now expecting a reply to the communication he sent Gen. Weyler, consulting him on its advisability, but he was very much surprised to learn of the statements attributed to De Lome.

### Jordan May Keep Office.

New York, April 5.—It seems to be the prevailing impression in Wall street that there will be no appointment in the immediate future of a successor to Conrad N. Jordan, whose term as assistant United States treasurer expires on April 20. So far as the bankers are aware, there is not a single prominent candidate for the place in the field. The bond required is \$500,000, and that fact frightens those who would otherwise apply for the place. It is thought that there is a strong possibility of Mr. Jordan's re-appointment. Mr. Jordan is a gold democrat, and has the indorsement of all the democrats in Wall street, as well as many of the republicans.

### Iowa Man Commits Suicide.

Chicago, April 5.—Dr. J. H. Walton, a prominent young physician of Dubuque, Iowa, committed suicide in Lincoln Park yesterday afternoon at 1 o'clock. He was walking with Dr. S. S. Lindsay, also of Dubuque. The park was filled with people, who had come out to enjoy the warm spring day, and crowds saw him break suddenly away from his friend, run down the path, and, stopping abruptly, draw a razor across his throat. He lived but a few minutes. Severe illness had de-railed his mind.

### Peru Releases American Sailor.

Lima, Peru, April 5.—Ramsay, the American sailor who was arrested in the early part of the year at Callao, on the charge of disorderly conduct, confined and subsequently sentenced to a year's imprisonment, without such legal trial as is provided for in the treaty between Peru and the United States, Article XV., and whose sentence was commuted last week to four months' imprisonment from Jan. 12, was released on Saturday night by order of the Superior Court of Appeals.

### Suspect the Bereaved Man.

Charleston, W. Va., April 5.—The remains of Mrs. E. S. Schue, who died last January at Lewisburg, were disinterred by order of Justice McClung. An examination showed that the woman's neck had been broken. Her husband, who has, it is said, buried four wives, all of them having died suddenly, was placed under arrest there. There is great excitement in the neighborhood, and Schue has asked to be brought here for safety.

## HE SHOOTS THREE WOMEN.

Maniac Enraged Because Denied Admission to a Residence.

Kincaid, Kas., April 5.—Mrs. W. H. Burkey and her daughters, Effie and Jennie Kirby, were shot and seriously wounded Sunday afternoon by George Miller of Moran, who called at the house and asked to see Effie Kirby, a daughter of Mrs. Burkey by a former husband. Mrs. Burkey declined to admit him, as she knew he had been recently released from an insane asylum. When Mrs. Burkey shut the door in his face Miller shot her. Miller then pushed the door open and shot Effie Kirby. A moment later Jennie Kirby and another sister appeared, and the lunatic chased them out of the house, shooting Jennie as she ran. Miller then drove away and hunted up Dr. Splawn, whom he told to go to the home of Mrs. Burkey and "do some pullet pulling."

Miller was arrested later by Constable Harbell, after he had fired several shots at the officer and the officer had emptied a charge of bird shot into Miller's side.

The condition of Mrs. Burkey and Effie Kirby is critical.

## PITTSBURG LABOR TROUBLES.

Iron and Steel Workers Ready to Demand Increased Wages.

Pittsburg, Pa., April 5.—As announced Saturday night, several mills and factories made reductions in wages, which were not accepted by the men, and now it is expected the United Labor League, the Amalgamated Association, Iron and Steel Workers, Patternmakers, Iron Molders Union and several other organizations, will be drawn into the labor troubles, which will start at Oliver Bros. mill. The puddlers have refused to work at the reduction, and the managers will attempt to start the mill with whatever men apply. It is feared trouble will follow.

### In Force October 1.

Des Moines, Iowa, April 5.—Attorney-General Remley has prepared an opinion that the extra session of the twenty-sixth general assembly, by legislative act, may fix the time of the taking effect of the laws enacted thereat, and the laws do not necessarily go into effect ninety days after the final adjournment of the session. The bill prepared by the joint committee on publication of the new code provides that the new laws shall go into effect October 1, and that the code shall be published by the state; that the state printer and binder be given the work of printing and binding it, and that the state get out its own annotations.

### Urge Hunter to Withdraw.

Frankfort, Ky., April 5.—A number of the republican newspapers in Kentucky are taking sides with the so-called "bolters" in the senatorial race and are urging that Hunter withdraw at once in favor of some man whose views on the money question are in accord with the National Republican platform. This stand against Hunter by the newspapers is having its effect, as a number of members who declared a week ago that "Hunter or nobody" should be elected now say they will vote for any good Republican candidate who can be elected.

### Murder Still a Mystery.

Jacksonville, Ill., April 5.—Each day a little more testimony is added to that gathered at the inquest over the body of Charles L. Hastings, and each day the enormity of the crime seems to increase. It is believed the story told by Draper before the coroner's jury has seriously hurt his case. A woman says she saw a man, supposed to be Draper, on the night of the murder, open the street door leading to the hall in front of Kirby's office and close it again suddenly from the inside. This was a little before 8 o'clock.

### Iowa Turners Pass Resolutions.

Ottumwa, Iowa, April 5.—The Upper Mississippi Turnverein, in session here, with ten cities represented, passed resolutions instructing the officers to protest, in the name of the organization, against the passage of the anti-immigration bill, to petition the state legislature to pass the liquor manufacturing bill, and that influence be brought to bear on school boards to introduce gymnastics in the public schools.

### Brewers Refuse to Yield.

Milwaukee, Wis., April 5.—At a meeting of the Brewers' Union Sunday afternoon a communication was received from the Brewers' Association refusing to accede to the demands for an eight-hour day. The union decided to demand an eight-hour day from October 1 to May 1, and ten hours from April 1 to October 1. They ask ten hours' pay for the year round. It is thought the employers will agree to the scale on the basis proposed.

### Indiana Populists Fall Out.

Vincennes, Ind., April 5.—The populist district convention closed Saturday night. The resignations of State Chairman Rosenheimer and A. J. Padgett, chairman of Daviess county, were demanded in the most positive terms.

### Big Dam Washed Out.

Webster City, Iowa, April 5.—The Boone river rose three feet and two inches Saturday night, and is now higher than ever before. The big dam at Alden has been washed out and several thousand dollars' damage done.

## BRODHEAD BOY SHOT BY HIS BROTHER

### ACCIDENT WILL PROBABLY PROVE FATAL.

Ball From a Target Rifle Went Through the Boards of a Shed and Penetrated the Lad's Body, Lodging in the Intestines—He Cannot Live.

Brodhead, Wis., April 5.—[Special] An accidental shooting that will probably prove fatal occurred near Juda yesterday afternoon. The victim was Harry Mackey, the twelve year old son of Mr. and Mrs. Lester Mackey. Young Mackey was in an outbuilding, when his brother Clyde, aged sixteen, fired at a mark on the building with a 22 caliber target rifle. The ball went through the boards and buried itself in the lad's body, entering just above the hip bone. Physicians are unable to find the ball, and the boy can hardly recover, as the bullet is thought to have lodged in the intestines.

### Will Test Census Law.

Milwaukee, Wis., April 5.—The county committee of the populist party has decided to test the constitutionality of the census law which is in force in this state and which compels political parties to hold caucuses at the time of general elections in election booths. The populists claim that the state exceeds its authority when it interferes with the management of a political party and that each party has the right to determine who are its members.

### Blocking the Assessors' Way.

Indianapolis, Ind., April 5.—The attorney general having expressed doubt of the ability of the state tax commissioners to enforce taxation of life insurance policies upon their paid-up value, the state insurance agents have issued instructions to policy holders not to answer the questions relative to the same submitted by the assessors. Meanwhile, arrangement on the legality of the instructions will be had before the state taxing board on the 12th inst. The agents directed that a friendly suit be brought to test the legality of such assessment.

### Narrowly Escaped Lincoln's Fate.

New York, April 5.—Captain Edward P. Doherty, aged 56, died Saturday of heart disease at his home in this city. In 1861 he enlisted as a private in the union army. He became captain of the Sixteenth New York cavalry, and after Lincoln's assassination was detailed with fifty men to capture Booth and David E. Herold. The fugitives were surrounded in a barn. As Captain Doherty sprang in to seize Booth the latter raised a gun. Before he could fire at Doherty Sergeant Corbett's bullet, fired through a knothole, killed Booth.

### Michigan Grand Army Convention.

Greenville, Mich., April 5.—Greenville is putting on holiday attire and making elaborate preparations for the nineteenth annual encampment of department of Michigan G. A. R., which is to be held in the city April 6-8. Prominent G. A. R. men from all over the state are on the programme. The probabilities are that Colonel A. T. Bliss, ex-congressman of Saginaw, will be elected department commander.

### Hanna Praises Dingley Bill.

Cleveland, April 5.—Senator Hanna, who has come home to vote, said that he regarded the Dingley bill as a satisfactory measure, going far enough in the direction of protection and providing sufficient revenue. The passage of that bill he believed to be the pressing need of the hour. He expressed the opinion that the arbitration treaty would be approved by the senate by a close vote.

### The Battleship Iowa.

Boston, April 5.—The battle ship Iowa, after a trial run of a little less than twenty-four hours from New York, dropped anchor outside of Boston Light at 3 o'clock Sunday afternoon. The run, although uneventful, was nevertheless very satisfactory to her builders, Cramp & Co. of Philadelphia, two members of which firm were on board the ship during the trip.

### Sensational Murder Trial Begun.

Plymouth, Ind., April 5.—The case against William Sutherland for murder brought here on change of venue from Starke county, was called for trial this morning in the Marshall Circuit Court. Sutherland is charged with having killed Edwin Fettes, who had been his friend and business partner, on or about Nov. 16, 1896, near what is known as "election schoolhouse."

### American Bank Robber Arrested.

Berlin, April 5.—James Fallow, one of a trio of American bank robbers who appeared here last summer during the industrial exposition and did slick work, has just been arrested here.

### Safe Blowers Get \$600.

Wenona, Ill., April 5.—Safe blowers entered the store of C. G. Sauers at Dana Saturday night and with the aid of dynamite forced the safe and secured \$600 in cash and many valuable papers.

## GOOD MEN PUT UP BY REPUBLICANS

CITY AND WARD TICKETS ARE  
STRONG.

Victory is Certain, As the People Are  
Not Slow to Recognize True Merit  
—Candidates Are All Men Who  
Have Been Tried and Found Trust-  
worthy.

The whole republican ticket will be  
elected at the city election tomorrow.  
The candidates have made a thorough  
canvass of the city, and no stone has  
been left unturned. The ticket is the  
strongest one that could have been  
put up, and it will get more than the  
unite support of the party.

At the head of the ticket is the  
name of Stuart B. Heddles, the candi-  
date for mayor. Mr. Heddles is one of  
Janesville's best known and most suc-  
cessful business men. He has made  
this city his home for many years. He  
was chosen as president of the council  
last spring, and his career as an alder-  
man has been one that can be pointed  
to with pride. His best endeavors have  
been given to the people, and they  
have full confidence in him. As chair-  
man of the finance committee of the  
council, he has had opportunities to be-  
come thoroughly informed on the  
needs of the city and the expenses of  
government. He thus knows how to  
give the people an honest and economi-  
cal administration, and that he will do  
so, none who know the man will  
doubt.

A vote for S. B. Heddles is a vote  
for good government.

A. E. Badger For City Clerk.

Arthur E. Badger, the candidate  
for city clerk, is the present incum-  
bent, and he has served the city  
faithfully and well. He is thor-  
oughly informed on all matters that  
come under his hand and during his  
term of office no blunders have been  
made. The office of city clerk is one  
of the most important in the city and  
a thoroughly competent man should  
be in that position. With Arthur E.  
Badger in the city clerk's office the  
records will be correctly kept and the  
people will have a courteous and com-  
petent official with whom to transact  
their business.

A vote for A. E. Badger is a vote to  
keep the right man in the right  
place.

George Palmer For Street Commissioner.

George Palmer, the republican candi-  
date for street commissioner, is a  
man well known in this city. He is  
thoroughly competent and will give  
to the office the same care and in-  
dustry that has marked his private  
business. Mr. Palmer has worked on  
the streets, and knows what to do  
and what not to do. He is not a  
green hand at the trade of road mak-  
ing but is experienced and capable.  
The office of street commissioner is  
an important one. Thousands of dol-  
lars of the people's money is annually  
expended by the street commissioner  
and upon him rests the responsibility  
for the making of good streets. The  
best man should be elected to this im-  
portant office and he will be found in  
the person of George Palmer.

A vote for George Palmer is a vote  
to put a competent man in office and  
an economical expenditure of the peo-  
ple's money.

C. L. Valentine For School Commissioner.

Everyone in Janesville knows  
Charles L. Valentine, the republican  
candidate for school commissioner at  
large. Mr. Valentine is a man in  
whom the people have the most implicit  
confidence, and their trust has  
been well placed. He has always  
been interested in education and ad-  
vancement, and his own success is in-  
dication of his ripe business judg-  
ment. As a member of the school  
board Mr. Valentine will be a valua-  
ble public servant. No better man  
for this position could be found, and  
his majority will be very large.

A vote for C. L. Valentine is a vote  
for business methods in the manage-  
ment of the city schools, and the  
economical and effective expenditure  
of the city funds.

L. F. Patten For Justice of the Peace.

L. F. Patten, the candidate for  
justice of the peace, is one of the veteran  
members of the Rock county bar. As  
a lawyer he ranks very high, and as a  
justice his decisions are always in ac-  
cordance with "the law and the  
facts." He has served the people as  
the judge of the municipal court, and  
is a thoroughly competent official.

G. H. Davey for Sealer.

G. H. Davey, the candidate for  
sealer of weights and measures, is a  
well known citizen. The office is an  
important one, as upon the sealer falls  
the duty of seeing that the scales, etc.,  
used by the merchants, are correct.  
That Mr. Davey will make a compe-  
tent and conscientious officer, goes  
without saying, and he should have a  
very large majority.

THE TICKETS IN THE WARDS.

Good Men Are Named for the Various Of-  
fices by the Republicans.

The nominations made by the re-  
publicans in the various wards are  
especially strong this year. In the  
First ward, two republican aldermen  
will be elected. Walter S. Rice, the  
candidate for the long term, is one of  
the well known young men of the city.  
He has always been an out-and-out  
republican, and is a young man who  
stands high in the community. He is  
a business man and a tax payer, and  
will make an alderman that the ward  
will be proud of. He is entitled to  
every republican vote in the ward and  
he will get them all.

Frank E. Fifield, the candidate for  
alderman for the short term, is a mem-  
ber of the firm of Fifield Bros., lum-  
ber merchants, and is a popular and

successful business man. He will ad-  
minister his duties as alderman in a  
manner creditable to himself and the  
people, and no stronger nomination  
could have been made.

James Shearer, the candidate for  
school commissioner, has served the  
city in that capacity for some time  
past, and his reelection, by an in-  
creased majority, is assured.

C. E. Bowles, the candidate for su-  
pervisor, is now representing the ward  
in the county board. He has no op-  
position this year, which is a strong re-  
cognition of his ability, in itself.

J. L. Harper, the candidate for con-  
stable, is a thoroughly reliable man  
and will discharge the duties of the  
office with credit.

First Ward.

Alderman S. C. Burnham is a candi-  
date for re-election in the Second ward  
and the increased majority that he  
will receive this year will be a fitting  
recognition of his abilities. Mr. Burn-  
ham has been one of the ablest men in  
the city council, and has attended to  
his duties with fidelity. The fact that  
he was renominated by acclamation  
shows that the republicans of the ward  
are united for him, and insures his  
election by a very large margin. Mr.  
Burnham is a man of ripe business  
judgment and his work in the council  
has been appreciated. He was the au-  
thor of the "Burnham resolution"  
which places the expenditure of money  
on business principles, and stands for  
all that is good in city government.

Olimon D. Child, the candidate for  
supervisor, is one of the best known  
men in the city. He has served as al-  
derman, and is thoroughly posted on  
parliamentary practice. As a business  
man he stands very high, and as a su-  
pervisor he would reflect credit to the  
people.

A. K. Cutts, the candidate for con-  
stable, is one of the veteran peace of-  
ficers of the city. For many years he  
has held the position, and has been  
elected each time, by an increased ma-  
jority.

Third Ward.

Herbert S. Gilkey is the candidate  
for alderman in the Third ward. He  
is a young business man of sterling  
qualities, and will make an ideal al-  
derman. He is a member of the firm  
of Pendleton & Gilkey, and has large  
business interests in the city. He will  
serve the people as they should be  
served, and will give all  
matters that come up in the  
council the same careful consideration  
that his private interests receive. No  
better man could have been selected  
by the republicans of the ward, and  
Mr. Gilkey's majority should run above  
the average.

J. L. Bear, who will succeed him-  
self as supervisor, has filled that of-  
fice with credit to himself and his co-  
stituent. He has had large experience  
in the county board, and his in-  
fluence is always felt in that body.

John Cunningham, the candidate  
for school commissioner, is the clerk  
of the board of education, and has  
filled that office continuously since he  
has been a member of the school  
board. He has been a valuable man  
in the board, and will be elected by  
an increased majority, as he should be.

Wallace Cochrane, the candidate for  
constable, is one of the best known of-  
ficers in the county. He has won his  
good name by hard and faithful work,  
and that he will be re-elected, goes  
without saying.

Fourth Ward.

The republicans of the Fourth ward  
named one of the city's best known  
and most successful business men as  
their candidate for alderman in the  
person of Frederick M. Marzluff, the  
senior member of the firm of F. M.  
Marzluff & Co., the famous shoe man-  
ufacturers. Mr. Marzluff will make a  
splendid representative, and will give  
the people his best endeavors. He is a  
shrewd business man, and a close ob-  
server. His election is assured.

John M. Whitehead, the candidate  
for supervisor, is the present state  
senator from this district and has  
made his mark in the higher house of  
the state legislature. He will be re-  
elected by an increased majority and  
he is a representative of whom the  
people of the city are proud.

David Lawrence, the candidate for  
constable, is a man eminently fitted  
for the position and would make an  
excellent officer.

Fifth Ward

The Fifth ward ticket is an unusu-  
ally strong one. The candidate for  
alderman is Charles M. Warren, one  
of the best known railroad men in  
the city. Mr. Warren is an engineer  
on the Chicago, Milwaukee & St. Paul  
road and is immensely popular with  
all who know him. He is able, clean,  
honest and straightforward. He will  
always be found on the side of right  
and a vote for him, is a vote for good  
citizenship. He is being strongly en-  
dorsed by people of the ward and will  
get much more than the party vote.

J. W. Hodgdon, the candidate for  
supervisor, is the well known coal de-  
aler, and is one of the best known men  
in the city. He will make an excellent  
supervisor, and the nomination is a  
strong one.

James G. Wray, the candidate for  
school commissioner, is a well known  
contractor, and no man in the city  
stands higher among the people. The  
election of Mr. Wray would be a step  
in the right direction.

A. W. Mitchell, the candidate for  
constable, is the foreman at the woolen  
mills, and would make an excellent  
officer.

The republicans never placed a  
stronger ticket in the field, either for  
city or ward officers. The people real-  
ize this fact, and they will see to it  
that the "best men are chosen." This  
determination means—of course—that  
the republican ticket will be elected.

Votes it straight, and register your  
choice for the best men, and honest,  
and business-like methods in city gov-  
ernment.

## MAY HAVE TO QUIT HIS LABORS HERE

REV. DR. HALSEY IS IN VERY  
POOR HEALTH.

Told His Congregation Yesterday That  
He Would be Forced to Take a  
Rest—Several of the Local Pastors  
Talk of the Saloon Business—Some  
Notes Gathered in the Churches.

The services at the Court Street M.  
E. church yesterday morning were  
peculiarly sad. The pastor, Rev. Dr.  
Sabin Halsey, has been in failing  
health for some time, and it has been  
painfully apparent to his friends, that  
he would soon be compelled to lay  
down his work for a time, at least.  
The pastor himself was forced to this  
conclusion after a bitter struggle, and  
yesterday morning, with a heart full  
of love and solicitude for the church  
that he has served so faithfully for the  
past three years he told them that in  
all probability he would soon be  
obliged to leave them for a time at  
least. His tender words coming from  
a warm heart full of sympathy pro-  
duced tears of genuine sorrow in all  
parts of the house, and witnessed the  
fact pastor and people were united in  
strong bonds of friendship.

The sermon from the text "Hold  
fast what thou hast, let no man take  
thy crown," was full of encourage-  
ment. The speaker said,  
the text incited to faithfulness.  
Every man has something to hold to.  
Every man is an inheritor, not a  
pauper, steward of a trust, a rich  
endowment. God has always recog-  
nized material possessions from the  
days of Abraham and Jacob, down to  
the present time. Ability to acquire  
material wealth is one of God's gifts to  
men. Temporal blessings should  
always be appreciated, and yet we  
should remember that a man may have  
a good bank account and still be pov-  
erty stricken. The world is full of  
wealth and money, and it is necessary  
for the winners of even material  
wealth to be full of courage and self  
reliance.

The possessions that endure and to  
which every man should hold fast  
with an iron grip, are possessions of  
character having their foundation in  
the word of God. A mind well stored  
with the promises and commands of  
the bible, with a heart filled with  
obedience, produces a character that  
possesses courage, wisdom, strength,  
comfort, peace and by holding fast to  
these enduring graces, the immortal  
crown is assured.

Man's duty towards his possessions  
is faithfulness; don't squander, but  
hold fast, not in a miserly way, but as  
a wise and faithful steward, who shall  
render an answer of his stewardship.

The sermon was full of helpful sug-  
gestions and earnest solicitation.  
Dr. Halsey will meet his official  
board tonight, when some decision  
will be made as to the future. It is  
hoped that he may at least hold his  
pastorate nominally until his health is  
regained.

REV. V. E. SOUTHWORTH ON SALOONS

The All Souls Pastor Denounces the  
Traffic in Liquor.

Rev. V. E. Southworth talked of  
the saloon business yesterday and  
gave his reason for thinking that  
"All True Men Must Oppose the  
Saloon." He said in part:

"Shall the legalized sale of intoxi-  
cating drinks be prohibited in Janes-  
ville? Shall it be made a crime for  
men to sell the stuff that degrades  
the moral character of so many of  
our people?"

"Or shall we give our indorsement  
and personal support to the saloon?  
Shall we say that for our part we  
prefer to have the weak minded and  
careless young men of our city led on  
by the evil influences into hopeless  
slavery to drink? Shall we go into  
silent partnership with the self-aban-  
doned men who for the sake of the  
money there is in it are willing to  
poison the blood and weaken the  
nerve of their victims?"

"This is the question which we men  
are asked to decide next Tuesday. We  
are to determine whether for the next  
year the saloon shall be a respectable,  
law-protected establishment, or a dis-  
reputable and criminal institution. We  
are to honor the liquor traffic with our  
personal efforts, or we are to pro-  
nounce ourselves opposed to its dam-  
nable business?"

Is the City's Greatest Evil.

"Now I want you to know where I  
stand on this question."

"I hold that the greatest evil in the  
city of Janesville is the law-protected,  
wide-open saloon. It is the most pro-  
lific source of other evils. Its influence  
is to be seen in our city politics; some  
of its most notorious representatives  
are present in the management of our  
municipal affairs."

"The saloon as an institution encour-  
ages ignorance, poverty, indolence,  
immorality and crime. No matter  
how much we legalize it, it produces  
those things for the prevention of  
which a thousand laws are estab-  
lished. No matter how much we  
choose to protect with our votes the  
respectability of the saloon it will  
continue to endanger the safety and  
purity of our boys. It will continue  
to invade with its foul breath the  
sanctity of the home. The peace and  
comfort of innocent wives and help-  
less children will be trampled under  
the foot of drunken husbands and  
fathers. The money, the time, the  
energy of these victims of the saloon  
will be wasted, while those dependent  
upon them will be left to suffer."

"Do you happen to know and love  
any one whose life has been spoiled  
through the evil influence of the  
saloon? Can you recall any broken

hearts, ruined homes, debauched  
manhood and blighted children, the  
fruit which grows out of the saloon?  
Do you happen to happen to know  
that the children of habitual drinkers  
tend to inherit numb, less abnormal-  
ities, that in time the drink habit  
produces physical mental and moral de-  
generacy?"

Ring Runs It All.

"And then do you, as intelligent  
men, dare to go to the polls and say  
that the saloons shall remain open in  
Janesville?" You do you are ac-  
complices and encouragers of all its  
evil results. You make yourself the  
guardian and defender of the saloon;  
and the enemy of the home, the school  
and whatever makes for truth and no-  
bilities."

"O, you say, 'but they will sell it  
anyway.' Will they? Fifty saloonists  
can set at naught the city of Janes-  
ville; can defy the will of the people.  
Law is a farce, and you are unwilling  
to protect with your life, if need be,  
the power of your ballot. If that is  
so you are unworthy a place or a name  
among free American citizens. I be-  
lieve that if the saloons are closed, the  
drink business will go on. But this  
much will go on without the moral  
support of the people; it will go on  
as a recognized disgrace and crime,  
and the self respecting citizens of  
Janesville will be known to be the  
open enemies of the saloon. Is not  
that a gain worth our while? But  
then, whisky has Janesville by the  
throat. There will be three votes in  
favor of the saloon to everyone  
against it. The saloons will remain  
open. No law with regard to them  
will be strictly enforced. The tem-  
perance people will go to sleep again  
only to wake up just before the next  
election. The whisky ring keeps at  
work the year round. But temper-  
ance agitation comes and goes by fits  
and starts."

"Our churches cannot unite even  
against the saloon. They are so  
afraid of each others heresies, and  
Heaven is of so much more account  
than Janesville."

"The whisky-ring have it their own  
way."

REV. DR. HODGES SPEAKS OF LICENSE

Baptist Pastor Denounces the Liquor  
Traffic in His Evening Sermon

A large congregation greeted Dr.  
Hodge at the Baptist church yesterday  
morning. His text was in John 8:32,  
"Ye Shall Know the Truth and the  
Truth Shall Make You Free." Men  
make sacrifices for freedom, personally  
and nationally. There are many  
kinds of freedom. Truth is the great  
emancipator. Christ was the embodied  
truth. The bible is the revealed  
truth.

Christ is the great emancipator. The  
Jews were under bondage by obeying  
their ceremonial. Christ came to  
liberate them. All men are bound  
under sin. Christ came to set men  
free. Christ can make men free from  
bodily infirmities and wants. Are you  
free from sin; from its condemnation  
and from its reigning power? Christ  
can liberate you from both. Why not  
let him? The old's thinking is  
bound by error. The bible is God's  
truth and it came to give liberty to  
the world's thought. Missionaries are  
the men of the Book and they go to  
give the darkened minds light. The  
men who think right about God, are  
the men who are the leaders in char-  
acter and good influence in the world.  
It makes us strong in mind and heart.  
Compare the christian lands with  
those without the Bible and see if the  
Word is not the great emancipation.

The Bible emancipates us from the  
fear of death. If you want to die  
happily be a christian.  
If you are in bondage to sin I can  
tell you how to escape. Believe the  
truth and it shall make you free.  
Take the key of promise and unlock  
the prison doors of your soul and ye  
shall be free indeed.

The Evening Services.  
In the evening the Y. P. S. C. E.  
was led by the president, J. F. Fitch-  
ett, the subject being "Some Lessons  
From the Miracles of Christ."

At the evening service Dr. Hodge  
gave one of the best addresses upon  
the license question ever given in the  
city. His subject was "License or  
Prohibition?"

## Japan Waking Up.

Japan's industrial awakening, about which some manufacturers in this country appear to be alarmed, is responsible for the closing up of an old time industry at Milford, Conn. For a considerable period a big straw matting manufactory was in operation in that place. A short time ago it was determined to remove the entire plant and business to Kobe, Japan, where labor and raw material are to be obtained at an enormous discount from the rates prevailing in Connecticut. Last week the final step in the removal was taken, and the Milford industry was closed out. The matting syndicate will, of course, sell its product in the American markets as heretofore.

## Amusements.

Avoid amusements that the church in general condemns. Is it not better to be in harmony with the main body of good Christians than with the few exceptions? I think a man may dance, play cards and attend the theater—and still be a Christian, but his influence will be weakened and his soul fettered. —Rev. Dr. Humason.

## A Chilly Enterprise.

An English pleasure excursion to the Arctic regions, on the plan of the Miranda trip, is announced for next summer. The vessel will be the steam yacht Blencathra, which has been used by Captain Wiggins in his Siberian expeditions. It will visit Iceland, Greenland and Hudson's bay.

## A WOMAN'S BODY.

What Its Neglect Leads to. Mrs. Chas. King's Experience.

A woman's body is the repository of the most delicate mechanism in the whole realm of creation, and yet most women will let it get out of order and keep out of order, just as if it were of no consequence. Their backs ache and heads throb and burn; they have wandering pains, now here and now there. They experience extreme lassitude, that don't-care and want-to-be-left-alone feeling, excitability, irritability, nervousness, sleeplessness and the blues, yet they will go about their work until they can scarcely stand on their poor swollen feet, and do nothing to help themselves.

These are the positive fore-runners of serious womb complications, and unless given immediate attention will result in untold misery, if not death.

Lydia E. Pinkham's Vegetable Compound will, beyond the question of a doubt, relieve all this trouble before it becomes serious, and it has cured many after their troubles had become chronic.

The Compound should be taken immediately upon the appearance of any of these symptoms above enumerated. It is a vegetable tonic which invigorates and stimulates the entire female organism, and will produce the same beneficial results in the case of any sick woman as it did with Mrs. CHAS. KING, 1815 Rosewood St., Philadelphia, Pa., whose letter we attach:

"I write these few lines, thanking you for restoring my health. For twelve years I suffered with pains impossible to describe. I had bearing-down feelings, backache, burning sensation in my stomach, chills, headache, and always had black specks before my eyes. I was afraid to stay alone, for I sometimes had four and five fainting spells a day. I had several doctors and tried many patent medicines. Two years ago I was so bad that I had to go to bed and have a trained nurse. Through her, I commenced to take Lydia E. Pinkham's Vegetable Compound, and I never had anything give me the relief that it has. I have taken eight bottles, and am now enjoying the best of health again. I can truthfully say it has cured me."

## Election Notice.

Office of County Clerk, }  
March 27, 1897.

To the Electors of Rock County:

Notice is hereby given that a judicial and municipal election is to be held in the several towns, wards and election precincts in the county of Rock on the sixth day of April 1897,

at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office are given under the title

of the office and under the appropriate party or other designation each in its proper column and the questions submitted to a vote are stated below.

## INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the name or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross X after the name of each person for a certain office, whose name is not on the ballot, he

must write his name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the

printed endorsements and signatures of the ballot clerks on outside can be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his official ballot, can have assistance of one or to election officers in marking same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

## Official Ballot.

Mark a cross (X) opposite the name of the person you wish to vote for or write his name in the blank space under the name erased.

INDIVIDUAL NOMINATIONS.		
For Justice of the Supreme Court....	ROUJET D. MARSHALL.....	A Non-Partisan Judiciary....
For County Judge.....	JOHN W. SALE.....	A Non-Partisan Judiciary....
For Amendment to Section 7 of Article 7 of the Constitution of Wisconsin.....

## DESERVED.

The campaign closes with only three or four of the democratic managers backing Mr. Thoroughgood. These three or four are glib with promises of what they will do if given two years more of the mayoralty.

There is not the slightest assurance that one of these promises would be fulfilled.

The democratic party does not stand behind them. The members of that party regard the "experiment of '97" with derision. They see no reason why they should accept responsibility for it or endorse it in any way. They were given no hearing in the convention and their spokesmen were rapped down wherever protest was attempted.

To such a height has opposition within the party risen that even the little group of steerers were impressed. Their ardor has cooled noticeably during the last week. The democratic friends whose advice got Mr. Thoroughgood into all his trouble have almost deserted him. They are leaving him to make his own fight and are looking on with an indifference that really amounts to bad faith. In the last four days they have put forth apologies on every hand.

The charge has been made that they had no thought of nominating Mr. Thoroughgood in the first place and advised him to get out independent nomination papers merely to split the republican vote so that a regular democratic nominee might be run through. When the plan had been partly worked out along this line, however, some headstrong enthusiasts got control and turned the pretense into a reality. Since then the chagrin of the responsible members of the party has been ill-concealed.

The campaign draws to a close, in reality, with but one ticket in the field.

Republicans see no reason to vote for Mr. Thoroughgood after his rule or ruin declaration prior to the convention.

Democrats see no reason to be bound by a gag-law convention when the party has nothing to gain.

In consequence Mr. Heddles is gaining strength remarkably. He has a clean record as alderman; has been economical and prudent in the use of the city funds; has met every responsibility and discharged every duty faithfully, and has been fair to all elements and all factions—democratic and republican. He is a man of good business judgment and ample experience and will give the city an excellent administration.

The legislature is discussing a bill changing the method of taxing corporations. Before anything is done it might be well to inquire whether it is meant to benefit the street railway companies, the water companies and the gas companies, or the people. Thus far the hardest fight has been made by lobbyists representing the Milwaukee Traction Company.

Senator Hansbrough thinks the business relations between the United States government and the solicitors of patents are too close for the latter to use lottery schemes in their business; hence, the introduction of his bill making it illegal for a solicitor of patents to offer any prize or premium to inventors by means of so-called competitions, or in any other way.

The dedication of the Grant Mausoleum in New York, is going to be made an event worthy of the name of Grant. The president and his cabinet and doubtless a considerable number of senators and representatives will go over from Washington, and foreign nations have been invited to send warships.

The injustice of classing such bodies as the Janesville Driving Park Association with syndicates of thugs, robbers and short card men like the Ideal Park company becomes more apparent as the practical application of the Wylie bill is studied.

Good men will represent the Fourth ward in common council and county

board this year. F. M. Marzuff and John M. Whitehead have the confidence of the people of the ward and will receive handsome majorities.

George Palmer's common sense and his familiarity with contract work make him a strong candidate. In the street commissioner's office he will serve the city faithfully and well.

When Speaker Reed declined to recognize as a political party the populists in the house, on the ground that they were a part of the democratic party, he made a bullseye.

By tomorrow evening the democrats who thought there were good enough candidates in their own party will be saying "we told you so."

Assemblyman Wheeler has given a refreshing example this winter of a man standing by his principles.

The end of the campaign is here, and not a weak point to be found in the republican column.

## SUNDAY'S SERMON SUBJECTS.

(Continued from page 2.)

No License, Which? His remarks were founded upon Psalm 34:16 "The face of the Lord is against them that do evil." His first point was that the saloon keeper is among those that do evil. He was against the saloon keeper as an evil doer and not as a man.

Place a bright, wealthy young man in the hands of a saloon keeper for twenty years and see what he will make of him. Everybody knows what the result will be; money, health and character will all be gone.

We all know what the results of the saloon-keepers' work will be, evil and only evil. There is not the least thing about the business to commend it to a man who has any regard for his fellow men.

Dr. Hodge's second point was that the Lord is against the saloon-keeper because of his evil work. He has not only the curse of men, but the Almighty, before whom he must appear in judgment, is against him. If insurance societies shut him out of their presence, what must be the feeling of the Holy one of Israel against such men? He closed his address by emphasizing that we as citizens have no right to license an evil. If it is a good thing, let anyone do it; if it is evil, put it out of existence as you would murder or any other crime.

## AT THE CONGREGATIONAL CHURCH

Rev. Robert C. Denison Speaks of "Christ and Common Life."

At the Congregational church yesterday morning, the pastor Rev. Robert C. Denison preached on "Christ and Common Life." The text was taken from the last chapter of Luke describing the walk to Emmaus and the breaking of bread in the house of the two disciples. The Christ must be thought of not only as one infinitely above men in his majesty and saving power but as a friend who enters into common life to help and inspire us in it. He enters the home and breaks bread with men because they are most open to religious influence. In the quiet of home as a man looks into the faces of his nearest friends he is much more apt to see the value of purity, love and religion than in the hurry of business. Christ is in common life because men are much more willing to accept a religion which not only exhorts men to be good but comes and helps them in daily life. And Christ is in common life because most of our time is spent in common things.

Our meals, our routine, tasks and conversations occupy us most and if He is not with us then we must spend most of our time without Him. If we think of Christ and duty only on Sunday then we are six days in the dark. And Christ enters common life because little things enter our

whole existence. No man can have real peace with an unhappy home. If anger and distrust break his bread with him nothing can make him really happy. If Christ be in a man's common life nothing can take away his peace. The world is full of men trying to get happiness by gaining great things and the only happiness is in getting Christ into common things. There is something better than a life of great splendor and that is a character so genuine, a life so full of Christ that it can impress men with the beauty of religion even at so ordinary a time as the evening meal.

## Liquor the Home's Enemy.

But, candidly, there is just one foe ample enough to engage our attention. The home's foul enemy without is liquor in this day and generation. Our nation last year spent very much over a billion dollars for this stuff. Janesville supports about fifty of these institutions, each of which can afford to pay five hundred dollars each year over expenses, a drain which would shut up three-fourths of our grocery stores. And yet, every citizen in Janesville, man, woman and child, is necessarily a patron of the grocery stores, while only a fair percentage and generally but one sex, are patrons of the saloon. A good many hundreds of thousands of dollars are dissolved in alcohol annually in Rock county—dollars, as far as the consum-

er is concerned, literally burned. We license these institutions of hell. We have permitted the traffic to grow until it has assumed an economic phase. We plead fiscal reasons—that this traffic helps to support the government, and relieves us of taxes—that our public schools must suffer if we sacrifice this traffic.

## The Homes Pay For It.

These institutions support our schools, and give our sons twelve years close training and preparation for life, while any one of them can, in a day, blight the soul, and make of the boy in whom we invested so much an enemy to the community. Our text says of the Jews that they tore down the walls of their houses to fortify the walls of their city. Say what we will, that is our modern system of license is doing. The homes pay for it, and the homes paying the most are the poorest already in comfort, character, and the compensations for poverty found in religious and mental culture.

If we differ honestly as to how that traffic shall be destroyed, we simply cannot be honest if we differ from him who says that it shall be destroyed. Not till civic patriotism has exhausted its every means, and you have exhausted your every means to help on this battle, are your hands clean of your brother's blood.

They would secure the genuine. Some good grocers' names Get Smirched, when used For "kitties paws" to rake chestnuts For some "just as good" As Postum Cereal Food Coffee. Plain, sober honesty And genuine goods in stock Is the safe way. It might pay to throw All that imitation away A short sighted grocer will Grind away on the counterfeit Until his money is back. A clean, clear grocer Will sell only the genuine And keep customers.

## THE CITY CAN LIVE IF HOGAN IS GONE

### CATTLE BUYING TRIP MADE NO DIFFERENCE.

No Special Officers Were Sworn in During His Absence—When He Was Sheriff He Thought the Force Should be Re-organized—Flip-Flop is Frantic.

Chief Hogan is a good officer, but he will not leave politics alone. The charge is made that he is working tooth and nail for the democratic ticket, A. P. A. and all. The charge is also made that he helped along an attempt to "pack" a republican caucus. Of course Chief Hogan has a right to take part in politics—nobody denies that—but he should not claim to be a "non-partisan" when the question of his city job comes up. Republicans have kept him in office for seventeen years, and he repays them with the bitterest opposition of which he is capable.

The Gazette concedes that Chief Hogan is a good officer, but says that he is always a good democrat first. The Flip-Flop cannot defend him on that point.

The Flip-Flop says three men would have to be put on the force if Chief Hogan should quit. However, Mayor Baines did not find it necessary to appoint three men to serve while Chief Hogan was in the northern part of the state, buying cattle on his own hook, a few weeks ago. Things ran along for a week or ten days, and only a few people knew that the chief was gone.

One of Hogan's Flip-Flops.

The Flip-Flop seems to be against the changing of the police department. It fears the addition of a patrol wagon, etc. It does not seem to know that Chief Hogan—when he was sheriff—thought the change ought to be made. It seems to forget that Mayors Rowe and Baines both recommended that the department be reorganized. When Officer Hogan was sheriff, he told a Gazette man—the interview was printed, and can be reproduced, if necessary,—that the city needed a police force of five men beside the chief. That was Chief Hogan's idea when he was off the force. Now he only wants one assistant, so he can be the "whole thing". Everybody has a kind word for John W. Hogan, personally, but republicans demand that he leave politics alone, or abide by the consequences. A man cannot be a "ward plugger" and a "non-partisan" at the same time. He is a good officer, but there are also others.

The Flip-Flop, while howling about the A. P. A.'s, it will be noticed, says nothing about the democratic A. P. A. Anybody who will get into the democratic fold is good enough for the Flip-Flop, but he republican, A. P. A., prohibitionist or anything else.

History, in this campaign, is simply repeating itself.

But what else can be expected of the Flip-Flop?

### PRINT OTHER PROCLAMATIONS

Flip-Flop Does Not Issue Mayor Thoroughgood's Famous Election Order.

The Flip-Flop publishes Chief Hogan's "election proclamation," commanding the saloons to be closed on election day.

No other chief of police ever found "grand stand plays" necessary, and this is the first "proclamation" of the kind ever issued.

The Flip-Flop, however, did not reproduce the famous proclamation once issued by Mayor Thoroughgood "to prevent bloodshed and rioting" at the polls. Neither does it reproduce the barbed wire and other mean comments that it made on that same proclamation.

The Flip-Flop poked fun at Mayor Thoroughgood every day for two years, but now he is its ideal.

But what else can be expected from the Flip-Flop?

John M. Kneff's New Establishment.

John M. Kneff, senior member of the late firm of Kneff & Allen will in a few days open an entire new and fresh stock of woolen furnishings, hats, etc. None of the goods which the old firm had are left as he sold his interest in them to Mr. Allen. Mr. Kneff wishes to thank his many friends and patrons of the past and hopes for a continuance of their favors.

Remember this new duty just about to take effect will increase the price of these goods. This is a good time to lay in a supply. Over 100 sets to choose from.

A new style of vehicle car was to be seen on South River street Saturday, Sunday from the great Studebaker works of South Bend, Indiana. This car had double doors at each end instead of a single door at side, so that a team could be driven right through when loading a fine uncrated rig for single shipment. The car contained thirty farm wagons and twelve delivery wagons for F. A. Taylor.

## H. T. ROOF IS LAID TO THE FINAL REST

### FIRST M. E. CHURCH PACKED YESTERDAY.

Woodmen and Fellow Employees at the Janesville Machine Company's Plant Attend the Funeral in a Body—Arthur H. Evans Called by Death Last Evening.

Every available inch of space in the First M. E. church was filled yesterday afternoon by friends of the late Harley T. Roof who were here to pay their last respects to his memory. Brief services were held from the Lincoln street residence at 2 o'clock and at 2:30 the remains were taken to the church where the Rev. R. K. Manaton, now of Stoughton, made a few touching remarks on the life of the deceased.

Two hundred and fifty members of the Woodmen and fellow employees at the Janesville Machine Company's plant attended in a body and handsome floral offerings told of the high esteem in which he was held. The interment was at Oak Hill cemetery and the pall bearers were Charles Sanner, Charles Eller, George Wright, James Horn, J. Smith and Herman Kramer.

Arthur H. Evans

Arthur H. Evans, the six year old grandson of C. B. Evans, died last evening at 6 o'clock at the Evans homestead on Terrace street. The cause of his death was inflammation of the brain. Arthur was an exceptionally bright little fellow and his demise will be keenly felt, not only by loving relatives but by a large circle of little friends. The funeral will be held tomorrow afternoon at 2 o'clock from the home and the interment will be in Oak Hill.

### R. J. WHITTON TO LOCATE HERE

Will Come Back To Janesville and Engage In Business.

A Washington dispatch to the Milwaukee Sentinel says: "The secretary of war has taken up the case of R. J. Whitton of Janesville, who was appointed chief of the supply division about a year ago. Whitton came here as private secretary to Gen. Doe, assistant secretary of war, and later was transferred to the head of the Supply division, and Capt. W. R. Thorp was dismissed from that place. The resignation of Mr. Whitton has been accepted, and Capt. Thorp has been reinstated, under the civil service rule which permits the reinstatement of veterans of the war who have been dismissed from the service. Mr. Whitton will probably return to his home in Janesville to engage in business."

Mr. Whitton's many Janesville friends will be glad to know that he is to return to this city to reside, and a warm welcome will be extended to him and his wife.

## FORCE THE STAPLE ON A BACK DOOR

### ROBBERS DID NOT GET INTO THE STORE.

C. A. Thompson Left a Cask Near the Rear Entrance and That Blocked Progress After the Bar Fell Down Gang of Tramps in Jail—Police Doings.

When C. A. Thompson opened up his grocery store at No. 13 River street yesterday morning, he was surprised to find that the large staple that holds the bar in the back door, had been forced from its fastening, force enough having been used to throw the staple to the middle of the store. Further investigation showed that someone had tried to effect an entrance, but after breaking the staple the bar dropped behind a large oil cask and prevented further progress.

Thirteen tramps lodged in the Rock county jail last night. They all came from towards Chicago, and said they were looking for any kind of work. One of the number walked thirty-seven miles yesterday afternoon. The entire lot were given their freedom this morning.

Officers are looking for the two burglars who escaped from the Clinton jail. The Clinton authorities have telephoned the description of the men to Janesville police. One is five feet ten inches in height; wears a black overcoat and hat, and is twenty-four years old. The other is five feet seven inches in height, has black mustache, wears dark coat and hat. The latter has a strong foreign accent.

## LITERARY REPUTATION.

It May Be Divided Into Two Distinct Kinds.

It is curious how great an amount of work a man or woman may do—and exceedingly good work at that—before beginning to reap public acclaim and to hear their names in the mouths of men, says the New Bohemian. Reputation is not made by reciting one's own deeds, nor do you win your way to the editor's heart by that method. Unless you are so famous that your name has a decided value, so that it may be counted upon to sell a goodly number of copies of the magazine, or to call out press notices of distinct advertising value to the publication in which it appears, it makes absolutely no difference to an editor whether you have ever published a line. If this one article that you now submit is of value in itself he wants it; otherwise not. So I counsel you not to attempt to advertise yourself, and succeed only in advertising your immaturity.

There are two distinct sorts of reputation for the writer. One is that which puts his name before the public and makes him the rage for an hour or a day. This is secured oftener by accident than any other manner, by some piece of work which has touched the public fancy for a moment, or that has attracted the attention of a critic or reviewer who has the power to make others accept his verdict. This is the sort that Mr. Anthony Hope and Mr. Stanley Weyman are enjoying just now, and which gives their pens the power to coin words into gold with startling rapidity. The other sort is gained in the editorial offices, by sending with some frequency work that is steadily good and occasionally excellent. Editors soon awaken to the fact that they have a writer who can be depended on to furnish something worth looking at, at the least, and his manuscripts will never go back without careful examination; a goodly share of them will be accepted—subject always to the condition that a single publication will not use too much of the work of any one writer—and those which go back will be sent with sincere regret.

## Food Ill Digested

Imperfectly nourishes the system, since it is only partially assimilated by the blood. Pale, haggard mortals, with dyspeptic stomachs, impoverished circulation and weak nerves, experience a marked and rapid improvement in their physical condition by availing themselves of that sure resource: the sick and debilitated, Hostetter's Stomach Bitters. This genial tonic and alternative leads an impetus to the processes of digestion which insures an adequate development of the materials of blood, fiber and muscular tissue. Moreover, it soothes and strengthens overwrought or weak nerves, counteracts a tendency to hypochondria or despondency, to which dyspeptic and bilious persons are peculiarly liable, and is an agreeable and wholesome appetizer and promoter of repose. The infirmities of age, and of delicate female constitutions, are greatly relieved by it; and it is a reliable preventive of, and remedy for, malarial fevers.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels. For sale at C. D. Stevens' Pharmacy, corner Main and Milwaukee streets.

Mrs. A. Inveen, residing at 720 Henry street Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale at C. D. Stevens' Pharmacy, corner Main and Milwaukee streets.

Two years ago, R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; today Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale at C. D. Stevens' Pharmacy, corner Main and Milwaukee streets.

## BY A ROUNDABOUT ROUTE.

Course of a Missionary's Letter from Pitcairn to Tahiti.

In the possession of one of the missionary party, just arrived from the south seas on the adventist vessel Pitcairn, is a letter which has an interesting and unique history, says the San Francisco Call. It traveled about 25,000 miles, while the distance between the mailing point and its destination is but 1,200 miles, and it went the most direct route possible and did not miscarry at any stage of its journey. The travels of a letter sent from Pitcairn island to Tahiti show, as nothing else can, the complete isolation of the little Pacific paradise founded by John Adams. Tahiti is only about six days' sail from Pitcairn, and is the source whence love-sick Pitcairners take their wives. But letter-writing, although it forms an important part of the courtship, is generally confined to one letter, as when the answer is received it is generally the arrival of the bride. Except a small vessel or a man-of-war consents to carry letters between the two points, which opportunity rarely occurs the only remaining hope is from a passing ship, bound from San Francisco or Portland to Europe. A gentleman now residing in Oakland was once deputed to carry the Pitcairn mail for Tahiti, and he told the story of how it was done:

"We left San Francisco in the ship City of Hankow, and were off Pitcairn island on Christmas day. Only about one ship makes the island, and as we should lose no ground by waiting a few hours we have to and signaled to Adams point. Then the two boats Queen Victoria and Admiral Drew came off with two loads of vegetables. Gov. McCoy also came off and asked us to carry some letters to Tahiti. We rather smiled at first, but when he produced seven letters and told us that there was no other way to send them we consented, and after paying for our fruit and vegetables we started on our trip. Those letters were the cause of a good deal of inconvenience. When the captain landed at England he took the letters ashore and went to the postmaster. Then he was informed that he must make an affidavit and must apply to the postmaster general for 14 cents, the tariff for carrying letters from countries not in the postal union. Eventually the letters were landed in the Falmouth postoffice, after we had carried them about 13,000 miles. From Falmouth they went to Southampton, and were sent in the usual course of events to New York, another 3,000 miles. Then they crossed to San Francisco and were put on board one of the Australian steamers and put off at the nearest point to Tahiti, their destination. The remainder of the journey was covered with a small boat. In all the letters traveled a distance of over 25,000 miles and occupied four months and a half en route."

## Newest Bullets.

Steel coated rifle bullets for the new magazine guns cause very little pain, says Dr. Delorme, surgeon in chief of the French army. During the riots at Fourmies one man was wounded so badly as to be paralyzed, but did not suspect that he had been shot through until he saw bloodstains on his clothing. One, shot through the leg, only felt a slight shiver; another, shot through the arm, felt his elbow twitch and closed his fist mechanically. At short range the bullets, like the new bullets of our own army, are apt to explode and do serious mischief.

Let us not be weary in well doing; for in due season we shall reap, if we faint not.

# ELECTION NOTICE.

OFFICE OF CITY CLERK, March 30, 1897.

## To the Electors of the City of Janesville:

Notice is hereby given that a municipal election is to be held in the several wards and election precincts in the city of Janesville on the sixth day of April, 1897, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below:

## Information to Voters.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased and will be counted for all names written in lieu of one erased, or pasted over a printed name. If the voter wishes to vote for some of the candidates of different political parties he should make a cross mark, X, after the name of each candidate he does desire to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:
